

COMPANY PROFILE

Powera Global Capability Statement

Powera Global supplies certified EV battery, solar storage and BESS systems for Middle East, GCC, Europe and selected international energy projects. We focus on authorised sourcing routes, documentation discipline, warranty visibility and door-to-door delivery control.

Core supply lanes

Residential solar batteries and hybrid / AC-coupled storage.

EV charging buffers, fleet depots and battery-backed charging infrastructure.

Commercial and industrial battery systems.

Solar, wind and grid BESS projects with project-level documentation.

What buyers get

Manufacturer-aware sourcing route, certification passport, serial traceability, logistics planning, warranty path and project brief support before procurement commitment.

Regional focus

UAE, Saudi Arabia, Qatar, Bahrain, Oman, wider GCC, UK/EU and selected international routes.
